Volunteers are Honored at our Annual Banquet

Each year the Fredericksburg Parks and Recreation Commission recognizes individuals, businesses and organizations who contribute significantly to the success of our department...

■ The 19th Annual Recreation Commission Volunteer Award Banquet was held on Thursday, November 17, 2005 in honor of last year's contributors.

■ Fredericksburg Parks and Recreation is so successful because we are able to rely so heavily on volunteers, especially in our youth sports leagues. Last year, 404 volunteers provided us with 22,651 hours of service. According to the Bureau of Labor Statistics, this equates to over \$408,624. There were also 149 financial volunteers and organizations that contributed over \$100,480 in monetary donations or "in kind" services to our department. Last year our department used 14 non-department facilities for 2,326 hours. This includes schools, parks, service organization facilities and private businesses.

■ This kind of community support helps to make our department one of the best in the state and adds to the quality of life for all of the area residents. Thank you for your support. Each year the Recreation Commission hosts a banquet to salute those volunteers that contribute more than 50 hours, contributors that donate more than \$500 and facilities that we use for more than 200 hours. Special awards are also presented that night to recognize some of the volunteers and contributors that give us so much.
